#### **OBTAINING SCIENCE AND SOCIAL STUDIES TEST MATERIALS FROM REGIONAL CENTERS**

School administrators needing to obtain Grade 8 Intermediate-Level Science (Written) and Social Studies Tests that were not originally requested should contact the Department's Operations Group by calling 518-474-8220. Under the direction of the Operations Group, school administrators should contact the official in charge of their regional center to arrange pickup of test materials. Information on regional centers is available at: <http://www.emsc.nysed.gov/osa/elintgen.html>.

The person sent to pick up an emergency supply of test materials from a regional center must present authorization written on school letterhead and signed by the principal that lists the materials to be picked up and authorizes the person to pick up those materials. The person obtaining test materials must provide picture identification and must countersign the authorization letter and leave it with the official in charge of the regional center. Test materials may be picked up from the regional centers only on the scheduled date for the administration of that part of the test. **Please note that Performance Test materials will not be sent to regional centers, only to schools.**

#### **SECURITY OF TEST MATERIALS**

As soon as the shipment of test materials arrives at the school or other approved location, it should be checked by the principal to verify that all materials indicated on the shipping notice have been received. School officials who determine that some materials are missing from their shipment(s) of Grade 8 Intermediate-Level Science (Written or Performance) or Social Studies Test materials must contact the Office of State Assessment via fax to 518-474-2021 to obtain these materials. **Shrink-wrapped secure test materials must not be opened until the day of the test, or that part of the test, is scheduled to be administered.** Except for taking inventory of your test shipment, you must keep all test materials in a secure location.

The principal of each school requesting tests is responsible for making the necessary arrangements for safeguarding the materials received by the school. The secure location where test materials are being stored should be checked daily to ensure that the test materials have not been tampered with and remain secure. The combination or key to the secure location must be maintained under strict security conditions to preclude access to the test materials by students and other unauthorized persons.

All teachers who assist in the administration and scoring of the Grade 8 Intermediate-Level Science or Social Studies Test are expected to sign the Deputy and Proctor Certificate contained within the *New York State Grade 8 Intermediate-Level Science Test Manual for Administrators and Teachers* and the *New York State Grade 8 Intermediate-Level Social Studies Test Manual for Administrators and Teachers*. Similarly, principals are required to complete and sign the Examination Storage Certificate and the Examination Scoring Certificate, also found within the test manual. These three certificates, as well as student answer papers, must be retained on file in the school for one year.

Following the scoring of the Grade 8 Intermediate-Level Science Performance Test, schools are required to return to the Department all *unused* science Performance Test answer booklets, including large-type, braille, and alternative language editions, and all used and unused science Performance Test Rating Guides. Schools must follow the complete instructions for the return of test materials found on page 15 of the test manual. These materials must be returned to:

Test Distribution Unit  
New York State Education Department  
Cultural Education Center  
Empire State Plaza  
Albany, New York 12230

### STUDENTS TO BE TESTED

Except as noted below, all public school students in Grade 8 must take the State assessments administered for their grade level. This includes students who have been retained in Grade 8. Nonpublic schools are strongly encouraged to administer these tests to their students in accordance with the same provisions. The birthdates of ungraded students are used to determine who must be tested. Refer to Appendix VII of the *New York State Grade 8 Intermediate-Level Science Test Manual for Administrators and Teachers* or the *Grade 8 Intermediate-Level Social Studies Test Manual for Administrators and Teachers* for more information. When determining which students will be participating in these tests, be sure to consider students who attend programs operated by the BOCES as well as any other programs located outside the school.

#### *General Education Students*

The Grade 8 Intermediate-Level Science Test should be administered to students in the grade in which they will have received instruction in all the material in the Intermediate-Level Science Core Curriculum (5–8). While this is typically Grade 8, the test may also be administered to students in Grade 7 who will have received instruction in all the material in the Intermediate-Level Science Core Curriculum (5–8) and are being considered for placement in an accelerated high school-level science course when they are in Grade 8. The school may **not** use this assessment to retest any students who participated in this assessment last school year while in Grade 7. Schools are required to administer this assessment to students in Grade 8 who did not take this assessment in Grade 7, unless they will be taking a Regents Examination in science at the end of this school year.

Principals have the discretion to either require or waive the Grade 8 Intermediate-Level Science Test for accelerated Grade 8 students who did not take this examination during the last school year but who will be taking a Regents Examination in science at the end of this school year. For accelerated students for whom the school waives the Grade 8 Intermediate-Level Science Test, their achievement in science will be measured by their performance on the Regents Examination in science.

#### *Students with Disabilities*

Students with disabilities must participate in the Grade 8 Intermediate-Level Science and Social Studies Tests unless their Individualized Education Plan (IEP), as developed by the Committee on Special Education (CSE), specifically indicates that they should take the New York State Alternate Assessment (NYSAA). A small percentage of students are recommended by their CSEs to participate in the NYSAA for students with severe cognitive disabilities. The criteria that the CSE must use to determine eligibility for the NYSAA are available on the Department's web site at:

<http://www.vesid.nysed.gov/specialed/publications/policy/alterassess.htm>.

### *English Language Learners*

All English language learners are required to participate in the Grade 8 Intermediate-Level Science and Social Studies Tests. They may take the tests either in an alternative language or in English, whichever would be better for the student. Alternative language editions of the Grade 8 Intermediate-Level Science and Social Studies Tests are provided in Chinese (Traditional), Haitian Creole, and Spanish. These tests may be translated orally into other languages for English language learners whose first language is one for which a written translation is not available from the Department. Schools are permitted to offer English language learners specific testing accommodations when taking these tests. (See page 5.)

### **TESTING ACCOMMODATIONS**

#### *Students Who Incur Disabilities Shortly Before Test Administration*

Principals may provide accommodations when testing general education students who incur an injury (e.g., a broken arm) or experience the onset of a short- or long-term disability acquired or diagnosed within 30 days prior to the administration of State assessments. In such cases, when sufficient time is not available for the development of an IEP or a Section 504 Accommodation Plan (504 Plan), principals may authorize certain accommodations that will not significantly change the skills being tested. These accommodations are limited to:

- extending the time limit for a test,
- administering the test in a special location,
- recording the student's answers in any manner, and
- reading the test to the student (only for students whose vision is impaired).

Eligibility for these accommodations is based on the principal's professional discretion, but the principal may confer with members of the CSE or with other school personnel in making these determinations. Prior permission need not be obtained from the Department to authorize testing accommodations for general education students. However, a full written report concerning each authorization must be sent to the Office of State Assessment via fax to 518-474-1989. The report must be on school letterhead, must be signed by the principal, and must include the following information:

- the name of the student,
- the title of the test,
- a brief description of the student's injury or disability, and
- a listing of the accommodations that were authorized by the principal.

If the student is expected to continue to need testing accommodations, the principal must immediately make the appropriate referral for the consideration of an IEP or 504 Plan.

#### *Students with Disabilities*

Students with disabilities must be provided with the testing accommodations specified in their IEPs or 504 Plans when taking these tests. It is the principal's responsibility to ensure that this occurs and that staff members who will be providing these testing accommodations are appropriately trained. Students who have been declassified may continue to be provided testing accommodations if recommended by the local CSE at the time of declassification and it is written in the student's declassification IEP. Plan all necessary arrangements for implementing testing accommodations well in advance of the test date.

The Department's Office of Vocational and Educational Services for Individuals with Disabilities (VESID) provides more information on test access and accommodations for students with disabilities on its web site: <http://www.vesid.nysed.gov/specialed/publications/policy/testaccess/policyguide.htm>. You may contact that office via e-mail to [vesidspe@mail.nysed.gov](mailto:vesidspe@mail.nysed.gov) if you have questions on this topic for which you are unable to find answers on the web site.

### *English Language Learners*

Schools may provide the following testing accommodations to English language learners:

- ***Time Extension:*** Schools may extend the test time for English language learners. Principals may use any reasonable extensions, such as “time and a half” (the required testing time plus one-half of that amount of time), in accordance with their best judgment about the needs of the English language learners. Principals should consult with each student’s classroom teacher in making these determinations.
- ***Separate Location:*** Schools are encouraged to provide optimal testing environments and facilities for all students. They may administer State tests to English language learners individually or in small groups in a separate location.
- ***Bilingual Dictionaries and Glossaries:*** English language learners may use bilingual dictionaries and glossaries when taking these tests. The bilingual dictionaries and glossaries may provide ***only*** direct translations of words. Bilingual dictionaries or glossaries that provide definitions or explanations are ***not*** permitted.
- ***Simultaneous Use of English and Alternative Language Editions:*** For these examinations, English language learners may use both an English and an alternative language edition of the test simultaneously. However, they should be instructed to record all of their responses in only one of the two editions. The alternative language edition used by the student should be so indicated on the student’s answer sheet.
- ***Oral Translation for Lower Incidence Languages:*** Schools may provide English language learners with an oral translation of these tests when there is no translated edition provided by the Department. All translations must be oral, direct translations of the English editions. Written translations are not allowed. No clarifications or explanations may be provided. The translator should receive a copy of the English edition of the test one hour prior to administration. The Department’s Office of Bilingual Education and Foreign Language Studies (telephone 518-474-8775) and the Bilingual/ESL Technical Assistance Centers (BETACs), available at: <http://www.emsc.nysed.gov/biling/bilinged> can assist schools in locating suitable translators.
- ***Writing Responses in the Native Language:*** English language learners may write their responses to the open-ended questions in their native language. Scoring the tests is the responsibility of the school. However, the Department’s Office of Bilingual Education and Foreign Language Studies and the BETACs can assist schools in locating persons who can translate the students’ responses into English to facilitate scoring of the answer papers.

### *Former English Language Learners*

Schools also may provide the testing accommodations listed above under the heading “English language learners” only to former English language learners who were identified as English language proficient based on their scores on one of the two most recent administrations of the New York State English as a Second Language Achievement Test (NYSESLAT), either Spring 2008 or Spring 2009. These accommodations may *not* be provided to former English language learners who were identified as English language proficient prior to the 2008 NYSESLAT administration.

For each English language learner or eligible former English language learner, darken the circles on the answer sheet in the box labeled “ELL Accommodations” to indicate the testing accommodations provided.

### **REPORTING ADMINISTRATION AND SCORING IRREGULARITIES TO THE DEPARTMENT**

The building principal is responsible for all aspects of the school's administration of State examinations and must take appropriate measures both to prevent, as much as possible, and to investigate all irregularities associated with administration and scoring of these tests. In addition, the principal must report the following events in writing to the Office of State Assessment:

- Any instance occurring prior to, during, or after testing where it has been determined that students, teachers, administrators, or paraprofessionals have had access to the specific contents of a test prior to the administration of the test
- All suspected or confirmed cases of teachers, administrators, or paraprofessionals giving aid or impromptu lessons on specific test content to students immediately before or during the test
- All instances of teachers, administrators, or paraprofessionals altering student responses to test questions
- All instances of teachers, administrators, or paraprofessionals providing students with unauthorized/inappropriate testing accommodations or tools
- All instances of teachers, administrators, or paraprofessionals not providing students with the accommodations specified in their IEP or 504 Plans
- All instances of teachers, administrators, or paraprofessionals providing students with other nonstandard test administrations, unrelated to cheating
- All cases in which a school official does not adhere to the Department policy concerning the finality of examination scores as determined by the teacher scoring committees (See "Finality of Teacher Scoring Committee's Scores" on page 42.)
- All student use of cell phones and other communications devices during the test
- All confirmed cases of student cheating
- All interruptions of testing sessions, including those caused by power outages or fire alarms
- All instances in which the test was administered without Department authorization on a day outside the published Statewide administration or makeup schedule
- All instances in which scorers do not score the test in accordance with the scoring materials provided by the Department
- All cases in which student test books or answer sheets are lost prior to either the scoring of the tests or submission of the answer sheets to the RIC or large city scanning center

Principals must report all such events in writing by fax to 518-474-1989 or via e-mail to [emscassessinfo@mail.nysed.gov](mailto:emscassessinfo@mail.nysed.gov).

### **ONLINE SUBMISSION OF TEACHER EVALUATIONS OF THE TESTS TO THE DEPARTMENT**

Suggestions and feedback from teachers are an important contribution to the test development process. The Department provides an online evaluation form for State assessments where teachers may respond to several specific questions and may make suggestions. Go to <http://www.emsc.nysed.gov/osa/exameval/> to complete and submit your evaluation of any of the grade 8 tests.
