Appendix B: Total Expenditures and Administrative Expenditures per Child

Last updated: 08/03/2015

Page 1

Charter School Name:

B. Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate '**Total Expenditures per Child**' take total expenditures (from the unaudited 2014-15 Schedule of Functional Expenses) and divide by the year end per pupil count. (Integers Only. No dollar signs or commas).

Line 1: Total Expenditures	3422641
Line 2: Year End Per Pupil Count	179
Line 3: Divide Line 1 by Line 2	19121

2. Administrative Expenditures per Child

To calculate '**Administrative Expenditures per Child**' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2014-15 Schedule of Functional Expenses) and divide by the year end per pupil count. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officers, the treasurer, the finance or business offices, the purchasing unit, the employee personnel offices, the records management offices, or a public information and services offices. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation.

Please note the following:

- Do not include the FTE of personnel dedicated to administration of the instructional programs.
- Do not include Employee Benefit costs or expenditures in the above calculations.
- A template for the Schedule of Functional Expenses is provided on page 20 of the 2014-15 Annual Report Guidelines to assist schools identify the categories of expenses needed to compute the two per pupil calculations. This template does not need to be completed or submitted on August 1st as it will be submitted November 1st as part of the audited financial statements. Therefore schools should use unaudited amounts for these per pupil calculations. (See the 2014-15 Annual Report Guidelines in "Resources" area of your portal task page).

To calculate '**Administrative Expenditures per Child**' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2014-15 Schedule of Functional Expenses) and divide by the year end per pupil count. (Integers Only. No dollar signs or commas).

Line 1: Relevant Personnel Services Cost (Row)	163888
Line 2: Management and General Cost (Column)	156681
Line 3: Sum of Line 1 and Line 2	320569
Line 4: Year End Per Pupil Count	179
Line 5: Divide Line 3 by the Year End Per Pupil Count	1791

Thank you.

Achievement First Brownsville Charter School

Report on the Financial Statements

We have audited the accompanying financial statements of Achievement First Brownsville Charter School, which comprise the statement of financial position as of June 30, 2015, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Achievement First Brownsville Charter School as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Report on Summarized Comparative Information

We have previously audited the Achievement First Brownsville Charter School's 2014 financial statements and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 30, 2014. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained in the schedules of activities and functional expenses is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedule of expenditures of Federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2015 on our consideration of Achievement First Brownsville Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Achievement First Brownsville Charter School's internal control over financial reporting and compliance.

Achievement First Brownsville Charter School

Notes to Financial Statements June 30, 2015

Note 1 - Nature of operations

Achievement First Brownsville Charter School (the "School") was incorporated to focus on strengthening the academic and character skills needed for all students to excel in top-tier colleges, to achieve success in a competitive world and to serve as the next generation of leaders in their communities. On October 29, 2012 the Board of Trustees of the State of New York amended the charter agreement with Achievement First Brownsville Charter School to operate an additional school, Achievement First North Brooklyn Prep Charter School. On January 22, 2013, the Board of Regents renewed the charter through June 30, 2018. Today, the School serves students from low income households in Brooklyn, New York.

The School is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code ("IRC") and under the corresponding provision of the New York State tax laws. The School has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) of the IRC and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(ii) of the IRC.

As of June 30, 2015, the School operated classes for students in grades K-6. The School shares space with a New York City public school and is not responsible for rent, utilities, custodial services, maintenance or school safety. Approximately 60,000 feet of square footage is allocated to the School.

Note 2 - Summary of significant accounting policies

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the School and changes therein are classified and reported as follows:

Unrestricted - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted - Net assets resulting from contributions and other inflows of assets whose use by the School are limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the School pursuant to those stipulations. When such stipulations end or are fulfilled, such temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the School reports the support as unrestricted.

Permanently restricted - Net assets resulting from contributions and other inflows of assets whose use by the School are limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the School.

Achievement First Brownsville Charter School

Notes to Financial Statements June 30, 2015

During the fiscal year ended June 30, 2009, the Board of Trustees (the "Board") enacted a Board Designated Reserve Policy (the "Reserve") in which unrestricted net assets are set aside to be used only with the approval of the Board. The Reserve is calculated by netting the current year's current assets against the current year's current liabilities and reducing that difference by any assets whose use is contractually limited. The Reserve at June 30, 2015 was \$221,047.

Statement of cash flows

For purposes of reporting cash flows, the School considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. There were no cash equivalents at June 30, 2015.

Restricted cash

The School designated \$75,000 as restricted cash, which is held aside for contingency purposes as required by the New York City Department of Education (NYCDOE). At June 30, 2015, a separate escrow account had not been established for this reserve.

Grants and other receivables

Grants receivable represent unconditional promises to give. Grants receivable that are expected to be collected within one year, and recorded at net realizable value, are \$95,110 at June 30, 2015. The School has determined that no allowance for uncollectible accounts for grants receivable is necessary as of June 30, 2015. Such estimate is based on management's assessments of the creditworthiness of its donors, the aging of its receivables as well as current economic conditions and historical information.

Revenue recognition

Revenue from Federal, state and local government grants and contracts are recorded by the School when qualifying expenditures are incurred and billable. Funds received in advance for which qualifying expenditures have not been incurred are reflected as refundable advances from state and local government grants in the accompanying statement of financial position. Receivables are recognized to the extent costs have been incurred, but not reimbursed.

Revenue from the state and local governments resulting from the School's charter status is based on the number of students enrolled and is recorded when services are performed in accordance with the charter agreement.

Achievement First Brownsville Charter School

Notes to Financial Statements June 30, 2015

Contributions are recognized by the School when a donor makes a promise to give that is, in substance, unconditional. Contributions that are restricted by the donor, but whose restrictions are met in the same period, are reported as increases to unrestricted net assets. All other donor-restricted contributions are reported as increases to temporarily restricted net assets. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

The School receives a substantial portion of its support and revenue from the New York City Department of Education ("NYCDOE"). If the charter school laws were modified, reducing or eliminating these revenues, the School's finances could be materially adversely affected.

Donated goods and services

The School occasionally receives contributed goods and services. Such goods and services are only recorded as in-kind contributions at their fair value, provided they meet the criteria for recognition. Such criteria includes contributions of services that (i) create or enhance non-financial assets or those that require specialized skills, (ii) are provided by individuals possessing those skills and (iii) would typically need to be purchased if not provided by donation, and are recorded at their fair value in the period received.

Contributed services received from Board Members and volunteers are not recorded in the financial statements since these services do not meet the criteria for recognition as contributed services.

The School does not record any in-kind contributions and related costs with respect to dedicated and shared space provided to it by the NYCDOE as the premises are temporary in nature, is excess shared space whereby a fair value cannot be determined and is industry practice.

Property and equipment

Property and equipment are stated at cost. The School has established a \$1,000 threshold above which assets are capitalized. Property and equipment acquired with certain government contract funds is recorded as an expense pursuant to the terms of the contract in which the government funding source retains ownership of the property.

Depreciation and amortization are provided on a straight-line basis over the lesser of useful lives or lease term as follows:

Furniture and fixtures	5 - 8 years
Leasehold improvements	5 years
Computers and hardware	3 - 5 years
Software	3 - 5 years
Equipment	5 - 7 years

Achievement First Brownsville Charter School

Notes to Financial Statements June 30, 2015

Long-lived assets

The School recognizes an impairment loss when the carrying amount of a long-lived asset exceeds its fair value. In the event that facts and circumstance indicate that the carrying amounts of long-lived assets may be impaired, an evaluation of recoverability would be performed. The evaluation process consists of comparing the estimated future undiscounted cash flows associated with the asset to the asset's carrying amount to determine if a write down is required. If the review indicates that the asset will not be recoverable, the carrying value of the asset would be reduced to its estimated realizable value. There was no impairment loss recognized for the year ended June 30, 2015.

Functional allocation of expenses

Expenses that can be directly identified with the program or supporting service to which they relate are charged accordingly. Other expenses by function have been allocated among program and supporting service classifications using bases determined by management to be reasonable.

Income taxes

The School is classified by the IRS as exempt from income tax under Section 501(a) of the IRC as a public education academy described in Section 501(c)(3).

The School has no unrecognized tax benefits at June 30, 2015. The School's Federal income tax returns prior to fiscal year 2011 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

If applicable, the School would recognize interest and penalties associated with tax matters as part of general and administrative expenses in the statement of activities and changes in net assets and include accrued interest and penalties in accrued expenses in the statement of financial position. The School did not recognize any interest or penalties associated with tax matters for the year ended June 30, 2015.

Prior year summarized information

The financial statements include certain prior year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the School's financial statements for the year ended June 30, 2014, from which the summarized information was derived.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Achievement First Brownsville Charter School

**Notes to Financial Statements
June 30, 2015**

Concentrations of credit risk

The School maintains cash and cash equivalent balances in several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation. From time to time, the School's balances may exceed these limits. At June 30, 2015, the School's uninsured bank balances totaled \$534,278. The School limits its credit risk by selecting financial institutions considered to be highly creditworthy.

Reclassifications

Certain reclassifications have been made to the 2014 financial statement presentation to correspond to the current year's format. Net assets and changes in net assets are unchanged due to these reclassifications.

Subsequent events

Management has reviewed subsequent events through October 28, 2015, which is the date the financial statements were approved and available for issuance.

Note 3 - Concentrations

The School received approximately 84% of its operating revenue, which is subject to specific requirements, from per pupil funding from the NYCDOE during the year ended June 30, 2015.

The School's grants and other receivables consist of one major grantor at June 30, 2015.

The School's accounts payable consist of one major vendor at June 30, 2015.

Note 4 - Agreement for school facility

The School has entered into a verbal agreement (the "Agreement") with the NYCDOE for dedicated and shared space at Brooklyn Collegiate School, a facility located at 2021 Bergen Street, Brooklyn, New York. The Agreement commenced on July 1, 2008 at a cost of \$1 per year. The fair value of the rent has not been included in the accompanying financial statements as the premises are temporary in nature, the Agreement is non-binding, is excess shared space whereby a fair value cannot be determined and is industry practice.

Note 5 - Property and equipment

The following is a summary of property and equipment at June 30, 2015:

Furniture	\$	92,565
Equipment		329,600
Computers and servers		376,107
Software		31,883
Facility improvements		<u>578,052</u>
		1,408,207
Less accumulated depreciation		<u>801,079</u>
	\$	<u><u>607,128</u></u>

Depreciation and amortization expense was \$167,756 for the year ended June 30, 2015.

**Notes to Financial Statements
June 30, 2015**

Note 6 - Related party transactions

The School entered into an Academic and Business Services Agreement (the "Agreement") with Achievement First, Inc. ("AF"), a not-for-profit organization dedicated to helping start and run charter schools. This Agreement provides management and other administrative support services to the School.

Pursuant to the terms of the Agreement, the School pays a service fee equivalent to 10% of all public revenues received by the School during the school year. Public revenues include all sources of revenue from a public source, but specifically exclude in-kind contributions such as student transportation and food services, start-up funding, funding for student meals, and funding for competitive public grants. The Agreement is renewed automatically each year ending on the expiration of the Charter Contract, which expires on June 30, 2018. The Agreement also incorporates additional services provided to the School by AF. These services include bookkeeping, facilities acquisition and management, special education delivery support, data analysis management support and tutoring program support. The School is to pay AF an ancillary services fee that is mutually negotiated by the School and AF. For the year ended June 30, 2015, the School incurred management and ancillary service fees of \$1,632,543, which is included in the accompanying statement of functional expenses.

At June 30, 2015, the amount due from AF was \$148,923.

Note 7 - Due to/from other schools

Throughout the school year, the School may share staff with another school and occasionally purchase equipment from another school. These costs are included on the statement of financial position and consist of the following as of June 30, 2015:

Achievement First Apollo Charter School	\$ 42
Achievement First Aspire Charter School	(1,056)
Achievement First Bushwick Charter School	(88,358)
Achievement First Crown Heights Charter School	1,964
Achievement First East New York Charter School	2,121
Achievement First Endeavor Charter School	2,371
Achievement First Providence Charter School	<u>(255)</u>
	<u>\$ (83,171)</u>

Note 8 - Loan payable

Loan payable to AF in the amount of \$200,000 accrues interest at 1% per annum. No payments are required until maturity on June 30, 2019. Accrued interest at June 30, 2015 was \$917. Interest expense for the year ended June 30, 2015 was \$917.

Achievement First Brownsville Charter School

**Notes to Financial Statements
June 30, 2015**

Note 9 - Due to NYC Department of Education

The NYCDOE paid the School per-pupil grant funds in six installments, based on estimates from the School. At the end of each fiscal year, the NYCDOE reconciles the total amount paid against the full-time-equivalent enrollment for the year and determines if an overpayment or underpayment has been made. As of June 30, 2015, a cumulative overpayment totaling \$35,113 had been made. An adjustment for this amount will be reflected in the succeeding year's third payment.

Note 10 - Operating leases

The School leases office equipment under various non-cancelable operating lease agreements expiring through June 2019. The future minimum payments are approximately as follows:

<u>June 30,</u>	
2016	\$ 125,000
2017	115,000
2018	115,000
2019	<u>80,000</u>
Total	<u>\$ 435,000</u>

The lease expense for the year ended June 30, 2015 was \$91,758.

Note 11 - Pension plan

The School has a 403(b) profit sharing plan (the "Plan") which covers most of the employees. The Plan is a defined contribution plan. Employees are eligible to enroll in the Plan upon employment. Those employees who have completed at least 1 full year of service are also eligible for employer contributions. The Plan provides for the School to contribute up to 4% of an employee's salary, up to a maximum match of \$2,500 per year, per employee. The School contribution is not vested until the employee's third year, when they become fully vested. For the year ended June 30, 2015, pension expense for the School was approximately \$156,000, which is included in retirement in the accompanying statement of functional expenses.

Note 12 - Risk management

The School is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; injuries to employees; and natural disasters. The School maintains commercial insurance to help protect it from such risks.

The School entered into contractual relationships with certain governmental funding sources. The governmental agencies may request return of funds as a result of noncompliance by the School, as well as additional funds for the use of facilities. The accompanying financial statements make no provision for the possible disallowance or refund because management does not believe that there are any liabilities to be recorded.

Independent Auditor's Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees
Achievement First Brownsville Charter School

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Achievement First Brownsville Charter School, which comprise the statement of financial position as of June 30, 2015, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 28, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Achievement First Brownsville Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Brownsville Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of Achievement First Brownsville Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Achievement First Brownsville Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Achievement First Brownsville Charter School in a separate letter dated October 28, 2015.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program
and Report on Internal Control over Compliance Required by OMB Circular A-133

To the Board of Trustees
Achievement First Brownsville Charter School

Report on Compliance for Each Major Federal Program

We have audited Achievement First Brownsville Charter School's compliance with the types of compliance requirements described in the OMB Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of Achievement First Brownsville Charter School's major Federal programs for the year ended June 30, 2015. Achievement First Brownsville Charter School's major Federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Achievement First Brownsville Charter School's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about Achievement First Brownsville Charter School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of Achievement First Brownsville Charter School's compliance.

Opinion on Each Major Federal Program

In our opinion, Achievement First Brownsville Charter School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2015.

Report on Internal Control over Compliance

Management of Achievement First Brownsville Charter School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Achievement First Brownsville Charter School's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Achievement First Brownsville Charter School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Enrollment and Retention

The schools partner with the Achievement First recruitment team to carry out a comprehensive recruitment strategy consisting of direct outreach, information sessions, school-based open houses, presentations at community based organizations, targeted mailings, and both online and outdoor advertising. These techniques have been successful in generating applications and in sharing the opportunity to apply with low-income families. In 2009, all Achievement First (AF) schools implemented an at-risk preference for low-income families, and as a result the vast majority of all entering families have qualified for free or reduced-price lunch. As a result of extensive presentations to community organizations that serve low-income families, particularly Head Start and NYCHA daycare centers, the pool of free and reduced-price applicants has been large, and the preference has been effective at substantially matching the district percentages of low-income students for the incoming classes.

The AF student recruitment team is bilingual and has made extensive efforts to reach out to families who speak languages other than English. All outdoor signs are in both English and Spanish, as are all brochures and other marketing materials, including the Achievement First website page for student enrollment. In 2014-15, direct, bilingual recruiting materials reached more than 15,000 families throughout Brooklyn. Additionally, Spanish-speaking members of the recruitment team have presented in Spanish at head start daycares and community organizations (e.g., The Coalition for Hispanic Family Services and Nueva Vida Daycare Center), and multiple members of the parent-led “street teams” that recruited directly in the community were Spanish speakers. While these techniques may change year to year, these are representative of recent recruitment methods. The lottery also uses a weighted preference for English Language Learners, which the schools doubled this year in an effort to both admit and enroll more English Language Learners.

Efforts to recruit students with disabilities have focused primarily on making clear in promotional materials and presentations that the Achievement First is highly effective for special education students, and that we offer services in accordance with IEPs. In addition, the recruitment team reaches out annually to day care centers that are identified by the NYC Department of Education as serving students with disabilities. The AF student recruitment team has partnered with the network special services team to ensure that marketing materials capture the range of services available. Achievement First has reached out specifically to community organizations that serve at risk families with social and health services. One such organization previously agreed to partner with the community outreach team to conduct a family focus group on how AF schools could best meet their needs. During this focus group, the mother of a student with a disability said that her greatest struggle was finding a public school option that held the highest academic standards for her child, despite his disability. The school is just such an option, committed to getting every scholar who walks through our doors to and through college. We believe that this sending this message to families with students who have special needs will be a powerful recruiting technique, and will help us meet the enrollment target for this population. The lottery also uses a weighted preference for students with disabilities.

Retention of students at Achievement First schools is a network-wide priority. The Achievement First report card sets a target of 5% loss attrition for each school, meaning if a school exceeds this level of student attrition the financial bonus of the leadership team is jeopardized. While reliable mobility statistics for New York City are difficult to ascertain, we believe that a mobility rate of 5% is significantly below the average annual turnover of urban students. We believe that retention of students within at-risk populations depends primarily on the academic progress these students are making. As such, the most important retention efforts for at-risk populations

will be great instruction, and regular review of data that ensures that students in these populations are receiving the supports and services they need in order to be successful. Data—including academic performance, attendance, and behavior data—will be disaggregated and shared with the school leadership team, so that early warning signs can be identified and appropriate interventions identified. Achievement First school leaders and regional superintendents regularly share student retention strategies.

Retaining Low Income Students An example of a best practice that AF schools utilize is early identification and intervention with families considering leaving. This approach uses historical data on attrition to identify risk factors that predict future attrition. In many cases, student attrition is the result of families disagreeing with a decision to retain a student in grade. The likelihood of attrition increases when there is a possibility of retention in grade combined with a family member who does not fully support the expectations of the school. AF schools use this information to develop specific family engagement and support strategies for scholars who are at risk of leaving. Experience across the network has shown that strong relationships and thoughtful discussions with families are often what make the difference when having a difficult discussion with family members. AF regional superintendents will specifically coach principals on how to have effective conversations with families regarding retention in grade. The principals and regional superintendents will also establish a spring calendar of data review meetings to look at students who have “promotion in doubt” status, to target specific families who are at higher risk of leaving due to disagreements with school expectations. Tailored family-specific strategies will be developed to ensure that do everything possible to keep these students with us.

Retaining English Language Learners – We believe that the factors above also apply to English Language Learners, with at least one additional complication. Because parents of English Language Learners often do not speak English fluently themselves, the nuanced conversations about academic performance can be more difficult. As a result, the structure for building family relationships will be somewhat different for these families. The ESL teacher or intervention coordinator (depending on the number of ELL students enrolled) will be primarily responsible for proactively developing relationships and trust with families of English Language Learners as soon as the student is identified as limited English proficient, regardless of academic performance. We believe that these proactive relationship-building practices will establish the trust necessary to identify families early who are at risk for leaving, and to intervene effectively to persuade them to stay with us.

Retaining Students with Disabilities – We believe that strong Tier 2 and Tier 3 interventions, complemented by strong family relationships, are the most effective approach for prevention the attrition of students with disabilities. In addition to the attrition risk factors described above, we believe there are at least two additional factors for families of students with disabilities. First, families of students with disabilities are more likely to leave if they believe that we hold lower expectations for their children than for their regular education peers. Second, these families are at risk for leaving if they do not understand the services being provided for their children, or if they perceive that more extensive services might be available at another school. As described above, our communication with families about the high expectations we hold for EVERY child, and the differentiated supports we provide to make sure each child meets these expectations, will begin with our student recruitment process. These messages will be reinforced in family chats (which are requested of all incoming families), family conferences, and all other communication with families of students with disabilities. Additionally, the network support data team and regional director of special services will provide disaggregated *academic* and *behavioral* data for students with disabilities directly to the principals on a monthly basis, to flag

any student for whom additional support is needed. Our experience has been that when students with disabilities make strong academic progress, their families' bond with the school strengthens and they are more likely to stay with us.
