Memorandum

To: School Bus Driver Instructors
From: Paul Overbaugh, State Director of Pupil Transportation
Subject: Master Instructor Certification
In reply to: Master Instructor Preparation Program

Greetings! I am writing in order to invite you to consider applying for certification as a Master Instructor.

During the 2019-20 school year, we will be conducting a Master Instructor Preparation Program. The program will consist of a total of nine instructional days during three sessions of three days each in the beginning, middle and end of the course. All classes will be conducted in the Albany area. The preparation program will also consist of a year-long apprenticeship or mentor program (July 2019 – July 2020), during which candidates will work with a certified Master Instructor and develop a project.

I expect that the competition for acceptance into this program will be keen. Individuals will be chosen from applications received this year. The enclosed application package details everything you must do to complete an application for the program. Applications will be scored on a point system. All applications must be received no later than April 1, 2019. Any application which is not complete will not be scored.

I know several of you are excited about the possibility of becoming a Master Instructor. I anticipate that we will have one additional class over the next two years. If you apply this year and are not selected, please apply next year. With over 1,300 SDBIs, I am sure that we have many more excellent and worthy candidates than we can possibly accept in one year.

If you should have any questions concerning the application process, your eligibility or your application specifically, please feel free to call Jim Minihan at (914) 941-7700 ext. 1335.
